# Professional project

- Fullstack web developer

Rise in media salary of ~\$10k  
for web-related technologies<sup>1</sup>  
(JS, TypeScript, Go)  
Rise of open source companies

- Teacher/researcher for web technologies?

Research in general → internship @ IRIT  
W3C Working groups → have to work somewhere  
IETF Working groups → payment unclear  
Mozilla (Firefox) →  
no interesting open positions for now

- Dev for creative software?

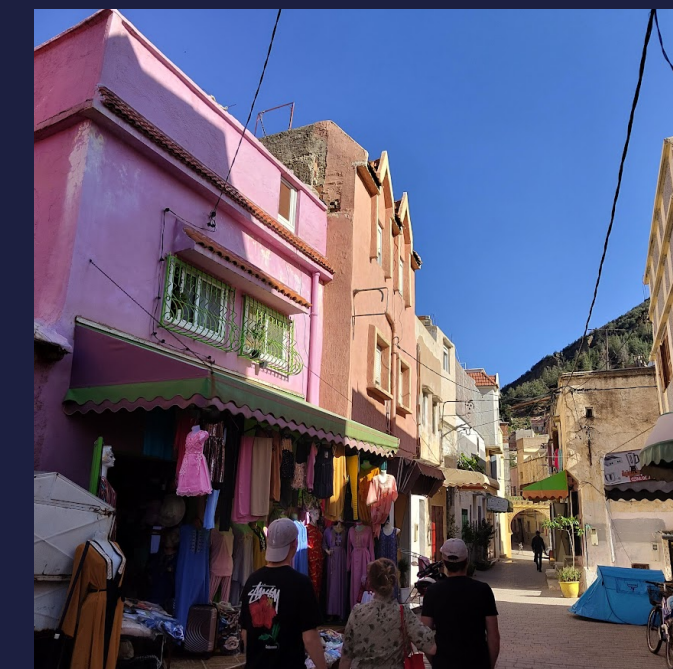

Image-Line (FL Studio) →  
does not take internships  
Adobe → too big  
Kaleidos (Penpot) →  
no open positions?  
Ableton → same

# International mobility
